Leading UK consultancy improves access to private information in Pharmaceuticals, Manufacturing and R&D.

Consignit UK, a leading European IT services and consulting company with a focus on the demanding requirements of R&D intensive industries, has incorporated RapidRedact™ into the range of services it offers.

With offices in Malmö, Gothenburg, Macclesfield, London, Stockholm and Copenhagen, Consignit has significant experience with implementing document management systems and internet applications in major business organisations and public bodies.

Employing 160 people, it is part of the Altran Group, a network of 200 innovative technology consultancies employing 15,000 people and covering 16 countries worldwide.

As a provider of **RapidRedact™** in the UK, Consignit is able to assist its clients in providing increased and improved access to information as organisations shift their emphasis on the publication and dissemination of information under the umbrella of the Freedom of Information Act, e-Government, e-Gif and Electronic Social Care Records.

“With RapidRedact incorporated in our range of services, we are able to offer a flexible set of tools to satisfy public authority business requirements,” Consignit’s Paul Rollason said.

As a leading distributor of Document Management solutions, Consignit has based its growth on a thorough knowledge of their clients' business, combined with high levels of skill and a holistic approach to modern system development. They build systems into IT solutions that give their clients a competitive edge.

“Our relationship with Consignit gives us a doorway into new business areas which will give us an opportunity to further develop RapidRedact for manufacturing, pharmaceuticals and research environments,” David Kelly, Business Owner, **Onstream Systems**, developers of RapidRedact.

Consignit clients are mainly within research-intensive sectors such as pharmaceuticals and automotive, for example Astra, Zeneca and Volvo, but it also works in other industries, such as Telecom.
